## **M i s s i o n**

The mission of the Armenian Festival is to provide an opportunity for all individuals and groups in the Armenian community, through fellowship and goodwill, to convene within a unified organizational structure to better inform the public of the values and virtue of the Armenian community, the Armenian people, their history, culture and contributions to society by producing exceptionally high quality, enjoyable public events which fund charitable activities worldwide.

## **H i s t o r y**

The Armenian Festival was formed in 2005 as a Qualified Tax-exempt California Public Benefit Corporation by unpaid independent community volunteers who are not affiliated with any religious organizations or political parties. It's governance and Board maintains its independence from control or influence by any religious organizations or political parties in order to maintain its pan-Armenian commitment for full inclusion of all Armenians, regardless of political or religious preferences or persuasions.

## **C o r e V a l u e s**

We disseminate accurate information about and promote the Armenian people, their history, their culture, their religion, their contributions to mankind and their country absent any divisive political, religious, geographic or personal differences, causes, or beliefs of any individual or group in the Armenian Community participating in any activity of our organization;

As Americans of Armenian descent, whether recent or distant, while celebrating and sharing our culture and history, affirm our allegiance to the United States America, whose blessings of liberty and justice have provided generations of Armenian Americans with opportunity, bounty and fulfillment unimaginable elsewhere;

We shall not bar the contribution or participation of any individual or group of Armenian descent, determined solely by the individual who considers himself to be Armenian, who supports our Mission and abides by our Core Values.
